

## **Thanks to UNHCR**

We're really grateful to everyone who wrote letters, cards and e-mails of thanks to UNHCR for their help with some of the Iranian brethren who have been given asylum status by them. A BBFU co-worker made a trip to Geneva and met Mr. Wakwoya in person and thanked him on your behalf in person for their efforts and presented him with the cards.

She writes: "Cards safely delivered, and nice photo taken...Just a very brief, but very pleasant meeting. He seemed pleased with the cards, pleased to have been able to help. Said he'd show the cards to his colleagues, and introduced me to his replacement: she sounded North American.

So thank you all, and keep praying that UNHCR will consider leniently the other brethren and sisters whom we've presented to them.
