

### **Iranian News December 2003**

As many of you know, 10 of our Iranian brothers and sisters have been granted refugee status, and 3 are already safely in America with their children, and we pray the others will be able to resettle in safety sometime in the future. God has heard our prayers for them, and now it is time to give thanks for His wonderful mercy and love.

Our requests for our four Iranians in Azerbaijan brought unexpectedly quick answers as their case was heard and accepted in record time.

It is truly wonderful to see prayer answered in such a powerful way and see the gracious hand of God in our lives. We are grateful to the UNHCR but especially our Father.

As we petitioned the UN, we feel it must surely be fitting to also thank them for what they have done. We are sure that the UN receives a lot of petitions, but one wonders how many thank-you cards they receive for their efforts? Because they have to turn away many asylum seekers they get rather a bad press. We think it will be a wonderful testimony for us to thank them for their work.

Please send thank-you cards to the United Nations High Commission for Refugees, care of Cindy Heaster a.k. 97, Riga, LV 1007 LATVIA. Once all the cards are collected, she will arrange for them to be presented to the High Commissioner.

Although 10 of our Iranian brothers and sisters have been greatly helped, please pray for the two still in Iran. They are in desperate need of your prayers right now. And please pray for us, that we will find the resources to be able to help them.

Thank you

Your brothers and sisters in Christ
