

MYANMAR and GERMANY March 2009

We're delighted to report a breakthrough in Myanmar / Burma, and the baptism of 6 people there on a recent visit. These are the first Christadelphian baptisms in Myanmar. They have been studying Bible Basics and reading daily according to the Bible Companion for some time. More details will be found in the Carelink email report. To subscribe to the Carelink email reports, please send an email to us at info@carelinks.net .

Here's a picture of the Bible Readers' Calendar, fixed above the mattress / bed of brother and sister Pi.

They and four members of their extended family were baptized into the Lord Jesus.

Please pray for them!

On the return journey to Europe, we made a stopover in Germany to baptize ROBERT, a social worker with a wonderful heart for people, now enhanced by his knowledge of the Gospel of the Kingdom and baptism into Christ.
