

May 2012 Western Latvia

The *Bible Companion* readings this Sunday include 2 Thessalonians 1 and 2, and there's an MP3 on these chapters at <http://www.aletheiacollege.net/audio/2thess12.mp3>

We continue to have a very special sense of the Lord working through our outreach to reach the most unusual of people. We're happy to report the baptism of DAG, a very thoughtful Swedish-Latvian man living in Riga who's been attending the Riga Bible Center. Our brother was baptized with the presence and cooperation of several of our younger members.

As mentioned in a recent report, it is a most encouraging experience to hear our brothers and sisters giving testimony and encouragement to a person about to be baptized. We really see how the Truth of Christ has deeply impacted lives, to God's glory.

Western Latvia

It seems God has Western Latvia in mind, because a group of now 7 active brothers and sisters are now in the area of **Liepaja**, 220 km. West of Riga. A visit was made to them, involving the baptism of GATIS, a man who had become troubled at the lack of evidence for the Trinity and who had found "*The Real Christ*" in Latvian online.

With love and joy from your brothers and sisters of Carelinks
