

## Thailand and Myanmar November 2004

These are two countries where to our knowledge there are no Christadelphians. We have produced Bible Basics literature in both Thai and Burmese, and sought to generate interest there through advertising and other outreach efforts. We're delighted to report that on a recent visit, TEERAYOOT was baptized, our first Christadelphian Thai brother. He had carefully studied and read and re-read Bible Basics in both Thai and English.

A visit was made north of Bangkok, and we're delighted to report the baptism of RATANAPAN, our first Thai sister. We are hoping that on a future visit, her relatives will be baptized, thus leading to the formation of an ecclesia near the Thai-Burmese border.

There are several others in the area seriously interested, and we invite your prayers for Pintip, Songpon, Boonthip and several others, who are each wrestling with the inevitable problems of living in a strongly Buddhist society in order to come to baptism into the Lord Jesus. We are pressing ahead with more advertising in the hope that by grace, an ecclesia can be established. We invite your prayers as the truth makes an inroad into yet another country. It is part of the work of the CCM to take the Truth to areas where it has not yet been preached and to establish ecclesias there, and we feel so much encouraged to see the Father's blessing upon this desire. For now there are brethren in Thailand, when previously there were none. Please share our joy in thankfulness to the Father.

We seek your prayers and support for our ongoing programme of producing literature in the local languages. Truly the Gospel is spreading into all the world, a sign that the Lord's return is near.

Your brothers and sisters of the CCM
